

URGENT SAFETY NOTICE

The wrong burner cap and burner skirt may have been fitted to our 'gas-through-glass' Stoves range cookers. Although this relates to a small percentage of our products, as a responsible manufacturer we are checking all gas-through-glass Stoves range cookers.

This only affects Stoves range cookers with a 'gas-through-glass' hob. If you have this hob, call **0800 093 9945 (Monday-Friday 9am-5pm)** or email gdhainfo@gdha.com and we will send out an engineer to make a free-of-charge replacement of the incorrect parts. It will take just a few minutes. As a precautionary measure, do not use the hob until the engineer has visited. The products affected are listed below.
